Dear colleague,

This is the 0th announcement of “Singularities in Generic Geometry and its Applications” which will be held in Kobe and Kyoto, Japan, for 6 days in the period from the 1st of June to the 12th of June, 2015. There is a strong possibility to hold the conference between 3rd and 10th of June.

This is the 4th workshop on the series of “Singularities in Generic Geometry and its Applications” initiated by Carmen Romero Fuster (Valencia University) since 2009. This series of workshops focus on the singularities related to Differential Geometry, Differential Topology, Control theory, Bifurcation theory and related areas.

The schedule of the workshop is not fixed yet.

The conference hall in Kobe has been already booked from 3rd of June to 10th of June, 2015. We intend to organize the workshops 3days each at Kobe and Kyoto respectively. However, we have to apply Research Institute of Mathematical Science (RIMS) at Kyoto University. The schedule will be fixed on the next February, so that we have to wait for fixing the exact schedule until February, 2015.

Usually our proposals have been accepted so far. Even if our proposal is rejected, we will organize the conference in Kobe for 6days.

Scientific Committee:

James William Bruce (Liverpool)
Alexey Davydov (Vladimir)
Toshizumi Fukui (Saitama)
Peter John Giblin (Liverpool)
Stanislaw Janeczko (Warsaw)
Takashi Nishimura (Yokohama)
Toru Ohmoto (Sapporo)
Maria del Carmen Romero Fuster (Valencia)
Osamu Saeki (Fukuoka)
Federico Sánchez Bringas (Mexico City)
Maria Aparecida Soares Ruas (Sao Carlos)
Farid Tari (Sao Carlos)

Organizing Committee:

Goo Ishikawa (Sapporo)
Shyuichi Izumiya (Sapporo, chair)
Kentaro Saji (Kobe, coordinator for Kobe)
Takashi Sano (Sapporo)
Masatomo Takahashi (Muroran, secretary)
Minoru Yamamoto (Hirosaki, coordinator for Kyoto)
Takahirio Yamamoto (Fukuoka)

The website with some provisional information and the poster will be appeared soon.
Since our funds are limited, we would appreciate if anybody can use their own funding,
since that will allow us to help more students and young researchers.
We hope to see you all in Kobe and Kyoto next year, with best wishes,

Shyuichi Izumiya and Masatomo Takahashi (on behalf of the Organizing Committee).
